

Little Bells Newsletter

Week Ending 26.04.19

Welcome back, I hope you all enjoyed the holidays. Welcome to all our new starters. Our topic this term is all about animals. This week we have been learning about dinosaurs; the names of dinosaurs, the size, the concept that dinosaurs are extinct and from millions of years ago. (A very, very long time ago to the children, before Mrs Drugan was born!) In maths we have been measuring using cubes and estimating. We are getting much better at guessing it is quite tricky.

In PE the children listened to the Elmer story and have been moving like elephants. Old elephants, moving slowly, young elephants, moving fast, rolling in the mud elephants and we have continued throwing and catching.

The children have been using their imagination and been using dinosaur figures to tell their own stories, we have heard some super stories!

In phonics this week the apple group have been working extremely hard and can now write lots of cvc words by listening to the sounds, Mrs Sutcliff was very impressed when she observed. The pear group have learnt the sounds m and g this week and the banana group have played lots of sound lotto games which they have enjoyed.

Next week we are closed on **Thursday 2nd May** due to the school being used as a polling station but re-open on **Friday 3rd May** as normal.

Please remember to label your child's clothes, especially fleeces as children have a tendency to take them off and leave them on the floor where they are playing.

Have a nice weekend,

Mrs Drugan
