

Little Bells Newsletter

Week Ending 29.03.19

This week we have continued learning about people who help us, we have focused on what a dentist does, and how to take care of our teeth. Thank you, to Nieve who demonstrated to everyone how to brush their teeth correctly. Then the children sequenced instructions using picture cards. On Thursday we talked about chefs and places where we may see a chef. The children then made a chef hat, decorated biscuits and painted a pizza. We linked this to hygiene and the importance of washing our hands.

In maths we have been learning that anything can be counted not just objects. We listened and counted different sounds and counted claps.

In Literacy we have been playing rhyming games this helps with our phonics work and improves our listening. In phonics all the groups have made progress and seem to enjoy the games we have played this week.

Next week is our final week of the spring term, it has flown by. The children are going to be learning about Spring; painting some observational pictures of flowers, talking about the changes in the weather and what they may see growing outside. We will continue to monitor our frog spawn and record the changes. Let's see if we have any frogs after the holidays!

Happy Mother's day to all the Mum's, Grandma's and Auntie's, I hope you have a wonderful day! The children have been sharing stories about why their mummy is special while making their cards.

Have a lovely weekend,

Mrs Drugan
