

Little Bells Newsletter

Week Ending 27th September 2019

On Monday Little Bells did yoga in PE and we are improving our yoga moves, some moves are very tricky. Accrington Stanley then did the second half of the PE lesson and the children learnt some ball control, moving a ball around the hall in a variety of ways.

We celebrated National Fitness day on Wednesday and we talked about how to keep our bodies healthy. We exercised throughout the day, did a whole school wake and shake, and tasted different fruits. For Welly walk we did races; hopping, jumping, skipping and running. Then the children felt their hearts and we talked about our heart rates increasing with exercise.

In Maths we have focused on number 2, the rhyme we use when forming the numeral is, half a heart says I love you, add a line it's a number 2. We have talked about the number before and after, a pair, a two pence coin and what 2 o'clock looks like on the clock. The shape we have learnt is a rectangle, 2 short sides and 2 long sides.

In phonics we have learnt the s sound. (slither down the snake) We have found items in the classroom that begin with the s sound, and read stories with lots of s sounds in and rhyming words. We use the same sounds that are on the Alphablocks programme.

For topic this week the children have been on a senses walk talking about what they can see, hear, smell, feel and taste.

In guided read this week we have focused on the story, Tiger has a Tantrum and discussed what we can do if we feel angry; talk to a teacher, tell mum or dad, take big breaths or have some time out. The children have been reminded of the feeling board in class and we share how we feel in the morning.

We have another busy week planned next week, enjoy the weekend,

Mrs Druga
