

Little Bells Newsletter

Week Ending 10.01.2020

Welcome back everyone, happy new year! I hope you all enjoyed the break I spent lots of quality time with my own children and had a few lazy mornings which was lovely. The children all seemed refreshed and ready to learn. We have had a busy first week introducing our class puppet Pip. He is helping support positive behaviour, speech and language. The children all have a reward chart that they collect stickers on, when they have 5 stickers they can choose a prize from Pip's basket.

Our topic this half term is Disney. We have planned a different story/film to focus on each week and this links to different subjects each week. This week we are focusing on Frozen, linking our learning to science; change of state, melting, freezing and looking at the changes over time. The children have retold the story in their own words choosing their favourite character.

On welly walk Wednesday Mrs Rowan gave the children a special task of jumping on all the mole holes on the school field to flatten them down. The children loved the challenge and this gave them a good chance to practice their jumping skills.

We have had the door open to the outdoor area a lot more this week so please ensure your child has a coat, gloves and a hat because as you know it's cold at Belthorn! We have some new balance bikes which the children have enjoyed having a go on and trying to balance and move at the same time 😊

Next week we are moving on to Toy Story, the children will be looking at old/new toys and building their own toy using junk modelling materials.

Enjoy the weekend,

Mrs Drugan and the EYFS team.
