Week Ending 17.01.19

This week our theme has been Toy Story, we have focused on toys. The children have talked about which toys they like to play with at home and what is their favourite toy. We moved on to looking at old toys from the past, we discussed how mum's, dad's, grandma and grandad may have played with different toys than we do now. The children carried out a sorting task with old/new toys. We looked at some old toys and the children really loved the jack-in-a-box.

The children created their own toy using junk modelling materials and we have some masterpieces! Some children have taken them home and some wanted to keep their model in school to show everyone. I have added some pictures to the Facebook page.

In maths the children have created a snowman or a penguin using a variety of shapes, we have talked about the weather changes in winter and what we need to wear to keep warm.

Pip the puppet has been busy praising the children and giving out stickers to add to the children's charts.

Next week we focusing on "Ratatouille" the film and we are looking at France and the children will be doing a bit of cooking. Our role play area will become a restaurant.

Mrs Drugan and the EYFS team.
