

Little Bells Newsletter

Week Ending 07.02.2020

We have been under the sea this week, exploring the different creatures we might see and talking about their features. The children have painted their favourite sea creature and shared some facts about it. We have focused on two stories; The Little Mermaid and The Rainbow Fish. For the Little Mermaid the children sequenced the story gluing and sticking pictures in order. The Rainbow Fish has been focused on our emotions and how we are feeling. We have talked about strategies to use if we feel lonely, angry or sad and who we can talk to.

In maths we have been practicing our number formation skills, going through our number rhymes. I will add the rhymes to the Facebook page and put a list on the wall so you can support your child at home.

The children have blown my socks off in phonics this week, we have been practicing writing letters and the red group are starting to form some small words using their phonics knowledge.

We have had lots of outdoor time this week, we have had the bikes, scooters, large building blocks and gardening equipment out in the playground. Please make sure your child has a warm coat in school every day.

Next week is the final week before the half term break, we are looking at the Lion King and comparing our climate to Africa. The weather has mentioned snow next week, I will update Facebook with weather updates as we all know Belthorn is another world.

Enjoy the weekend,

Mrs Drugan and the EYFS team.
