

Little Bells Newsletter

Week Ending 14.02.2020

Today we have talked about Valentine's day, we have talked about who we love and care for and why. The children have all painted a heart and talked about a person/animal who is special to them.

This week was our final week of our Disney topic learning about The Lion King. We have compared Africa to Belthorn. We have looked at African animals and made our own piece of jewellery by threading pasta on string then painting the pasta in different colours. We looked at the weather in Belthorn and the weather in Africa.

The children have looked at a lion and the habitat a lion lives in then made a lion mask to act out their own story about a lion.

We have discussed Safer Internet day on Tuesday and the children have been made aware of how to use the internet safely at their level. We shared a story and created a picture.

We break up for half term today and re-open on Monday 24th February. Our topic after half term is; The Circus, which will be very exciting and linked to The Greatest Showman and hopefully the children will learn lots of new skills. We will be arranging a stay and play at the end of next term and I will put the date in the next newsletter to give you plenty of notice.

Enjoy the half term break,

Mrs Drugan and the EYFS team.
