

Little Bells Newsletter

Week Ending 26th March 21

What an EGGCELLENT! last week we have had in Little Bells before we break up for our Easter holiday. As usual we have been super busy with lots of Easter arts & crafts, Easter hunts, Rice Krispies cake making, flower paint, Easter Basket making, and Easter decorations, which will be displayed in our school hall. Phew! With all those activities crammed into one week no wonder we are all ready for a holiday!

On Monday in our P.E session we introduced the children to our outdoor parachute. A parachute! I hear you cry, I know... we were very brave as the weather was rather windy in our little corner of Belthorn, however the children absolutely love it! Lots of laughing and screaming as the children took it in turns to run underneath the shoot as it flapped up and down in the wind. Next term we will be having some P.E sessions with Accrington Stanley sports coaches, which we are excited about.

In our phonics we have been looking at the sound C - Curl around the caterpillar We have learnt how to say it, write it and sort pictures into the correct sound groups.

Our Maths this week has reflected the Easter theme, we have been making patterns with Easter eggs, using chicks and carrots for number representation and The Wheel of Fortune, which the children have loved turning, has supported them with number recognition.

What a perfect spring day we had for our welly walk Wednesday! warm sun shine and a blue sky made our Easter egg hunt so enjoyable. The children had to find hidden Easter pictures around the playground and write down the corresponding number on their sheets.

On a personal note, thank you for all the get well wishes I have had. I am on the mend and hopefully running a mini marathon very soon!!

Have a wonderful Easter Break with your family, fingers crossed the sun will continue to shine. See you bright and early on Monday 12th April.

Mrs Hall
