

## Year 3 Summer

### Would you rather stand out or fit in?

This term, Year 3 will focus on learning a range of skills across the curriculum. Learning will be based around Art and Music.

Year 3 will explore new concepts including:

- Freedom
- Media
- Judgement
- Individuality

### Authentic outcomes

This term, Year 3 will work towards an authentic outcome. We are aiming to have a parent's presentation opportunity where children can showcase their work and learning throughout the term.

They will perform a song and dance to portray what they have learnt. There may also be a class assembly where parents will be invited.

## Core subjects

### English

In English the children will write their own fictional stories about character flaws. They will also look at explanation and discussion texts.

### PSHE

In PSHE, the children will learn all about health and well-being and safety and their changing bodies

### Science

In Science we will cover light, shadows and astronomy. The children will carry out activities on reflection.

As Summer is drawing closer, it will also be the perfect opportunity to look at plants.

### Maths

In Maths the children will be looking at measurement- time and length and perimeter. They will also have a strong focus on Fractions. We will have some recap of addition and subtraction and multiplication and division.

### RE

Through our RE days at school, the children learn about their own and other's beliefs.

We will be looking at Islam, Christianity, Buddhism and Sikhism. We have also added a new RE day of Humanism.

Would you rather stand out or fit in?

### Geography

This term is an Art based term, however, we will also draw on Geography knowledge when relevant. We plan to look at artists and different cultures.

### Art

This term is an Art and Music based term. The children will be looking at prehistoric art and will use their art and design skills to create their own pieces. There will also be a strong focus on The Jubilee celebrations.

### History

This term is an Art based term, however, we will touch on History topics when they arise. We plan to look at prehistoric art and The Queen's Jubilee.

### PE

Children will learn some athletic skills. They also learn how to play dodgeball and rounders.

### Computing

This term we will be looking at news reports and creating these using ICT. We will also be creating their own films.
